DETAILED ACTION

Remarks

1. Applicant's cancellation to claims 1-6, 18 and 20 is acknowledged. Claims 7-17 and 19 are pending in the application.
2. 102(e) rejections and 112-second paragraph rejection, as set forth in the previous Office action, have been withdrawn in response to applicant's amendment filed 10/17/2005.

Claim Objections

3. Claims 14, 16 and 19 are objected to because of the following informalities:
In claim 14, at line 9, inserting – said – before “dielectric film” is required.
In claim 16, at lines 9 and 10 and in claim 19 (line 9), changing “said gate film stack” into – said single gate film stack – is suggested. Appropriate correction is required.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:
The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
5. Claims 7 and 16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 7 (line 11) and claim 16 (lines 11-12), the term “most of said second region” renders indefinite as to what extent is considered “most.” Is it 70% or 80% or 90% ?

Allowable Subject Matter

6. Claim 19 would be allowable if rewritten or amended to overcome the objection as set forth in this Office action.

7. Claims 7 and 16 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

8. Claims 8-15 and 17 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

9. The following is a statement of reasons for the indication of allowable subject matter: see previous Office action.
